Respectfully submitted,

ROBERT W. BARRON,

Collector of Taxes.

REPORT OF HEALTH DEPARTMENT

To the members of the Board of Health:

Gentlemen:

The following is my report for the year ending December 31, 1935.

Reportable Cases

Diseases	No. Cases	No. Deaths
Chicken Pox	4	0
Diphtheria	1	0
Dog-bite	6	0
German Measles	1	0
Measles	4	0
Mumps	3	0
Pneumonia	5	1
Scarlet Fever	1	0
Septic Throat	10	0
Tuberculosis	6	0
	—	—
Total	41	1

As a help to the citizens of our town I am incorporating in this report the quarantine requirements recommended by the Mass. Dept. of Public Health, which we have adopted. By keeping this report for reference the parents can more intelligently co-operate with the Health department in isolating these cases.

QUARANTINE REQUIREMENTS

Recommended by the Massachusetts Department of Public Health

DISEASE	MINIMUM PERIOD OF ISOLATION OF PATIENT	CONTROL OF CONTACTS			PLACARD
		ADULTS	IMMUNE CHILDREN	CHILDREN NOT IMMUNE	
Anterior Polio-myelitis (Infantile Paralysis)	Two weeks from onset of disease, and thereafter until acute symptoms have subsided.	Note 1.	Until two weeks have elapsed from date of last exposure.	Until two weeks have elapsed from date of last exposure.	Yes.
Chicken Pox	One week from appearance of eruption and thereafter until all crusts have disappeared.	No restrictions.	No restrictions.	No restrictions.	No.
Diphtheria	One week from date of onset and thereafter until 2 successive negative cultures, taken at least 24 hours apart, from both nose and throat, have been obtained.	No restrictions save Notes 1 and 2.	If immune as shown by a Schick test or on the basis of a previous attack of the disease, may return to school provided they live away from home, or case is hospitalized, and if two consecutive negative nose and throat cultures taken at an interval of not less than 24 hours have been obtained	Until one week has elapsed from date of last exposure and until 2 negative nose and throat cultures taken at an interval of not less than 24 hours have been obtained.	Yes.
Epidemic Cerebro-Spinal Meningitis (Cerebro-Spinal Fever)	Two weeks from onset of disease, and thereafter until all acute symptoms have subsided.	Note 1.	Until ten days from date of last exposure.	Until ten days from date of last exposure.	Yes.

German Measles.	One week from appearance of rash.	No restrictions.	No restrictions.	No restrictions.	No.
Measles	One week from appearance of rash.	No restrictions save non-immune school teachers. These handled as non-immune children.	No restrictions. (Note 3)	Exclusion from school for 16 days from date of last exposure.	No.
Mumps	One week from onset of disease, and thereafter until all swelling of salivary glands has disappeared.		No restrictions.	No restrictions.	No.
Scarlet Fever	Uncomplicated cases 3 weeks. Complicated cases, 4 weeks.	No restrictions save in certain occupations. (Notes 1 and 2)	No restrictions if away from home. (Note 3)	Unless child lives away from home one week and continues to live away from home, cannot re-enter school.	Yes.
Smallpox	Three weeks from onset of disease and thereafter until all crusts have disappeared and skin has healed.	Note 4.	Note 4.	Note 4.	Yes.

Typhoid Fever	One week after subsidence of clinical symptoms and thereafter until two successive negative stool and urine cultures, secured at an interval of at least one week, have been obtained, provided that a person who continues to be a carrier may be released under supervision of and after special permission by the Board of Health.	No restrictions	No restrictions.	No restrictions.	No.
Whooping Cough	3 weeks from beginning of spasmodic cough.	No restrictions	No restrictions. (Note 3)	Exclusion from school two weeks from last exposure.	No.

NOTES

1. School teachers shall be subject to the same restrictions as school children. Food handlers and others whose occupation brings them in contact with children have no restriction if they live away from home.
2. Food handlers living in a family in which a case of diphtheria or scarlet fever exists shall be subject to the same restrictions as children.
3. A child shall be considered as having had the disease if so shown by the records of the Board of Health or
 4. by a sworn statement from the parent or guardian that the child has had the disease elsewhere.
 5. Contacts shall be quarantined until three weeks have elapsed from the date of last exposure unless immunized by a previous attack, by a recent successful vaccination, or showing the immunity reaction.
 6. Food handlers living in a family in which a case of typhoid fever exists shall be excluded from their occupation so long as they continue to live in the same house in which the case exists.

REPORT OF THE BOARD OF PUBLIC WELFARE

In submitting this, our annual report, we wish to call the attention of the voters to the following facts:

The number of names on the register have been steadily increasing, and has reached a total of 365, in our December Federal report. This was due to the delay in transferring ERA to WPA and should not happen again at least until June 30, 1936.

There has been a great deal of sickness and our bills for hospitalization have been larger than usual, also our bills for out of town cases with town settlements have increased.

We have made a special effort to collect from other towns which has necessitated more office work than usual.

At the present time we have 79 persons working on WPA who should not require aid from the Town.

There are 119 cases certified by government social service as eligible for relief, leaving 40 not provided for. These are all able to work! Besides this there are those unable, from various causes to labor but who must be provided for.

Of the \$5,000.00 provided by the Town as unemployment \$1,275.00 was set aside as a special fund for Chapman Street. This assisted the Highway Commissioners in securing an allotment from State and County Officials, of funds under Chapter 90 which, besides using \$1,275.00 of labor from Welfare rolls, allowed the Highway Department to function during the months of November and December.

The financial statement is as follows:

Expenses as per Auditor's Report.....	\$ 12,923.75
Unemployment Fund	2,542.49
Transferred:	
To Chapman St.	1,275.00
To WPA	475.00
To Tax Collector	500.00

During the year the following sums have been collected by this department:

Commonwealth	\$ 2,973.33
Town of Chelmsford	17.50
Town of Andover	229.13
City of Lowell	234.44
City of Waltham	505.72
Town of Wilmington	45.00
City of Lynn	211.98
Town of North Reading	94.75
City of Woburn	309.84
City of Malden	43.00
Refund	3.00
TOTAL	\$ 4,667.69

There is due from the following sources:

Commonwealth	\$ 1,816.85
City of Waltham	305.00
City of Lynn	146.35
City of Lawrence	266.05
City of Malden	650.93
Town of Dracut	254.00
Town of Wilmington	35.45
City of Lowell	415.13
TOTAL	\$ 3,889.76

There is due to the following:

Town of Dracut	\$ 164.88
City of Lowell	752.10
Commonwealth	619.42

There is an article in the Town Warrant to cover these sums.

Respectfully submitted,

EVERETT H. KING, Chairman,
IRVING F. FRENCH,
HERBERT L. TRULL,

Board of Public Welfare

TABLE OF ESTIMATES FOR 1936

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

To the Board of Selectmen, Town of Tewksbury:

Gentlemen: Following is my report for inspection of meats and provisions for the year of 1935 from January 1 to December 31, 1935.

Number of sides of beef inspected.....	1250
Number of Calves inspected.....	862
Number of Hogs inspected	383
Number of Sheep inspected	7

Cattle Condemned

Number of sides of beef condemned	2
Number of heads condemned.....	4
Number of sets of lungs condemned	3
Number of livers condemned.....	4

Swine Condemned

Number of Swine condemned	1
Number of Heads condemned	5
Number of sets of lungs condemned.....	6
Number of livers condemned.....	8

Calves Condemned

Number of veals condemned	18
Number of sheep condemned.....	1

Respectfully submitted,

ASAHEL H. JEWELL

REPORT OF INSPECTOR OF ANIMALS

To the Board of Selectmen of the Town of Tewksbury:

Gentlemen: Following is the report of the Inspector of Animals from January 1, 1935 to December 31, 1935.

Cows inspected.....	916
Young Cattle inspected	166
Bulls inspected.....	19
Sheep inspected.....	13
Hogs inspected.....	581
Goats inspected	1
Stables inspected.....	88

I have released for immediate slaughter 2 head of cattle.

For dairy purposes, 161 head of cattle and 24 dogs were quarantined for rabies and released at the end of 14 days. 1 dog head sent to Harvard University school.

I have inspected 8 barns where cattle are under State and Federal supervision.

Respectfully submitted,

ASAHEL H. JEWELL

REPORT OF PARK COMMISSIONERS

To the Honorable Board of Selectmen:

Gentlemen:

As Park Commissioners we submit the following report:

The commons have been mowed and raked during the summer. The common facing the hall has been graded and raised six inches, a cement curbing 100 feet long placed along the edge of Pleasant Street. The bandstand has been repaired and new seats installed.

There is about 150 feet more curbing needed on Pleasant St. and the bandstand should be shingled. We recommend an appropriation of \$300.

Yours respectfully,

THOMAS W. McAUSLAND, Chairman

DANIEL F. DILWORTH, Secretary

HARRIS M. BRIGGS

REPORT OF AGENT FOR SUPPRESSION OF GYPSY AND BROWN TAIL MOTH

To the Honorable Board of Selectmen:

Gentlemen:

As agent for the suppression of the Gypsy and Brown Tail Moths I submit the following:

Am glad to report we have not been able to find a Brown Tail Moth web this year. Parasites and diseases seem to have them under control. There is at least a 10% increase of Gypsy moths. There should be a thorough scouting of the town to locate the bad spots before the hatching season, about May 15. This should be followed by spraying the roadsides bordering these colonies. Considerable feeding of the Elm Leaf Beetle was noted the past summer. All elms should be sprayed this coming summer.

A new disease probably to most of us is the Dutch Elm Bark Disease. During the summer an E. R. A. project was in operation taking samples from the tops of our Elms that showed signs of this disease. Samples were taken from about 1000 trees. 264 were sent to Amherst and a negative report was received on all. There is no known preventive and the only way to stop the spread is to remove the tree and burn the wood. The Elm is our very best long-lived shade tree and we can all do our part by watching for the following signs and if found reporting at once to this Department. Dead spikes at the tops, yellow curled or wilted leaves. The season for these signs is from June to August. I recommend an appropriation of \$1,200.00.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF THE FISH AND GAME WARDEN

To The Honorable Board of Selectmen:

Gentlemen:

As Fish and Game Warden the following report is submitted for the year ending December 31, 1935:

During the year forty-seven complaints were received and investigated. A total of 248 hours of patrol work was done in Tewksbury. During the year salvage work was carried on at the Ames Pond taking a large number of various kinds of fish and placing some in various ponds in Tewksbury and vicinity. This work being done by men connected with the Department of Fisheries and Game.

1,500 Brown Trout ranging from six to eight inches in length were placed in the Shawsheen River.

144 Pheasants were liberated in covers in Tewksbury.

The matter of receiving more game from the Department of Fisheries and Game has been taken up with the State Authorities and it is expected that Tewksbury will receive a larger amount during the year 1936.

Respectfully submitted,

CYRIL L. BARKER,

Fish and Game Warden.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden I submit the following:

During the year brush was cut on all accepted streets in the town.

A W. P. A. project is now in operation removing dead and overhanging limbs. About 2500 trees have been pruned to date. This work is done under supervision of this Department. This is something our trees have need for years but we were unable to do it owing to lack of funds.

In order to cut brush on all of our streets and pay for supervision of W. P. A. Projects we should have an appropriation of \$1200.

Yours respectfully,

HARRIS M. BRIGGS,

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Selectmen of the Town of Tewksbury:

Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1935.

	Number Sealed	Number Not Sealed	Number Condemned
Platform Scales, over 5000 lbs.	2	—	—
Platform Scales, 100-5000 lbs.	7	1	—
Counter Scales	4	—	—
Spring Scales, over 100 lbs.	1	—	—
Spring Scales, 100 lbs.	13	—	1
Computing Scales, under 100 lbs.	6	—	—
Avoirdupois Weights	33	—	—
Capacity Measures:			
Liquid	21	—	—
Gasoline Pumps	24	3	1
Gasoline Measure Meters	10	—	—
Kerosene Pumps	2	—	—

Fees collected and turned over to the Town Treasurer, \$25.52.

Respectfully submitted,

D. J. CAMERON.

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Chief of the Fire Department, I herewith submit the following report:

Total number of fires attended	125
Forest fires	75
Grass fires	13
Building fires	13
Chimney fires	5
Automobile fires	1
Out of town fires	8
False alarms	10

Total value on buildings and contents: Thirty-two thousand, seventy five dollars (\$32,075.00). Damage: Nine thousand, two hundred thirty-five dollars (\$9,235.00). Insurance paid: Seven thousand, two hundred seventy-five dollars (\$7,275.00). Laid 29,850 feet of 2½ inch hose, 59,200 feet of 1½ inch hose, 14,700 feet of 1 inch hose. Used 315 extinguishers and 2 chemical tanks. Raised 316 feet of ladders and traveled 879 miles to fires.

Personal property and real estate of the department, Twenty-six thousand dollars (\$26,000.00).

Yours respectfully,

ALDEN S. HAINES.

REPORT OF TRUSTEES OF THE TEWKSBURY
PUBLIC LIBRARY

The Trustees of the Public Library respectfully submit the following report:

The report of the auditor will give in detail the expenditures of the Library.

Monthly meetings of the Trustees have been held with exception of July and August.

The past year the current issues of the magazines have been allowed to go in circulation immediately instead of being held a month on the reading table. The same rule applying to 7-day books applies to magazines.

Very generous donations of books from Mrs. Charles Trickey, Mrs. Edwin Osterman and Miss Natalie Patten have been gratefully accepted by the Trustees.

We wish to thank the Librarians for their faithful and courteous service and the patrons of the Library for their co-operation.

The Trustees respectfully request that the article in the warrant asking for an appropriation of \$950.00 and the money received from the dog taxes be granted.

Respectfully submitted,
KATE FOLSOM,

DOROTHY FITZGERALD,

MARION E. FRENCH,

RUTH W. SMITH,

HAROLD J. PATTEN,

EDGAR SMITH,

Trustees

REPORT OF THE CHIEF OF POLICE

December 31, 1935

To the Honorable Board of Selectmen:

Gentlemen:

I respectfully submit the annual report of the Tewksbury Police Department for the year ending December 31, 1935.

Offenses for which arrests were made:

Assault	1
Breaking and entering and larceny	2
Larceny and attempt	7
Using motor vehicle without proper authority....	2
Drunkenness	3
Violating the illegitimate child act	5
Neglect of family. Non-support	1
Desertion of minor child	1
Booked for safe-keeping	1
Stubborn child	1
Escaping and soliciting charity	1
<hr/> TOTAL	<hr/> 26

Seven arrests were made for out-of-town departments. Eleven summons were served for other departments; nineteen sets of Registration plates were removed through the revoking of same by the Registrar's Office. A total of 554 complaints were received and investigated by the department. It should be noted at this time that word has been received from Frank A. Goodwin, Registrar, that in the future the checking of headlights, licenses and registrations and other complaints referring to automobiles including all accidents must be done by the local department, as registry inspectors are to work in the suburban towns on fatal accidents only. In the past it has been customary to call for one or more inspectors to assist the town department in the above-mentioned work.

At the last town meeting it was voted by the people to purchase an automobile for the Police Department. In 1935 a Ford Tudor Sedan

was purchased, equipped with the following: a Sterling siren, hot water heater, a police stop light, sleet chaser and a set of heavy duty chains. The purchase of this car has not only increased the efficiency of the department but it has proven a great saving to the tax-payer. Its operation during the year since its purchase, has travelled in servicing the people a distance of 18,402 miles. A total number of 19,728 miles has been covered in patrol work and in servicing the people.

Through the co-operation of the Board of Selectmen, the Police Department now has its headquarters in the upper part of the Town Hall, which enables the department to transact Town business there.

We wish to acknowledge the splendid co-operation extended to us by the Board of Selectmen and the Citizens of our Town.

I wish to express my appreciation to the members of the Police Department for their whole-hearted co-operation during the year.

Respectfully submitted,

CYRIL L. BARKER,

Chief of Police.

REPORT OF LOCAL ADIMNISTRATOR

To the Honorable Board of Selectmen:

During the year 1935 the Federal Government expended the sum of \$42,223.15 for wages paid to workers in the Town of Tewksbury.

We completed 26 water holes during the year; widened and gravelled three roads, namely: Kendall Street, Rogers Street and Marston Street; a combined Tree, Beautification and Pest Control Project; rough graded the area to be used as an Athletic Field at the new High School, also constructed two double tennis courts and built a road from Pleasant Street into the Athletic Field. The Women's Sewing Unit has been running continuously, employing from 12 to 18 women in making children's garments which are distributed from the Commissary to Welfare recipients. This work and money has provided employment for some 64 to 85 families during the year. All workers who were on ERA have now been transferred to the WPA.

Our WPA work program includes projects approved for grading and making a lawn in front of the High School; grading the playground areas of the High School, the Foster and the North Schools; Tree Trimming project; Farm to Market Roads; Grubbing, Sub-Grading and gravelling of Vernon Street Extension (which has been completed); and a Water Survey to determine the necessity of an adequate and safe Water Supply and the cost of such a System. We have submitted projects covering the following: 29 Water Holes, Revision of Welfare Records, 19 Streets; which we can get approved upon completion of the fore-going active projects.

Number of families, persons in the families, employed on ERA and WPA through the year 1935 and the monthly payroll figure:

Month	No. Families	No. Persons	Monthly Payroll
January	67	333	\$3,241.60
February	82	414	3,167.20
March	71	349	3,399.98
April	88	397	3,591.58
May	81	359	4,049.73
June	85	383	3,799.93
July	85	381	3,795.80

August	81	354	4,025.11
September	77	351	3,323.10
October	75	335	3,243.80
November	77	351	1,918.56
TOTAL ERA			\$37,556.39
December (WPA)	79	364	4,666.76
GRAND TOTAL			\$42,223.15

Respectfully submitted,

RALPH H. WHITEHEAD,

Local Administrator.

REPORT OF BUREAU OF OLD AGE ASSISTANCE

Number on Rolls at present time:

8 at an expense per month of.....	\$172.00
2 cases out of town at an expense per month of.....	60.00

Expenses as per Auditor's Report, \$2,174.96

Respectfully submitted,

EVERETT H. KING,

Board of Public Welfare

LIBRARIAN'S REPORT

To the Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books remains about the same.

The circulation of magazines has increased owing to the new ruling by the Trustees that all magazines shall be put into circulation as soon as received.

Three donations of books, seventy volumes in all, have been received during the year from the following patrons: Mrs. Charles Trickey, Mrs Edwin Osterman and Mr. Harold J. Patten.

We are very grateful for these donations.

Several books have been purchased on request and several have been borrowed on request from the State Library.

The Library is open on Wednesdays from 7 to 8:30 and on Saturdays from 2 to 9. Legal holidays excepted.

All patrons are urged to co-operate with the librarians by returning their books promptly.

REPORT OF ROAD COMMISSIONERS AND SUPERINTENDENT OF STREETS

Board of Selectmen:

Tewksbury, Mass.

Gentlemen:

The following is our report for the year ending December 31, 1935.

CHAPTER 81, AND GENERAL HIGHWAY MAINTENANCE

The usual highway maintenance was carried out during the year, and all oiled roads were patched where necessary with bituminous material during the spring and summer months, and this procedure was carried out until the late fall. Many streets which were gravelled during 1934 or early 1935 either by the highway department or E. R. A. funds were shaped, rolled and oiled.

On River Road the sluiceway of the old mill dam gave way in April, leaving a gaping hole in the roadway. Upon examination, we found that practically all the large granite covering stones had cracked, and fallen into the water race. Owing to the depth of the fill it was difficult to make repairs without considerable excavation. However, by exercising due care, we salvaged the two retaining walls, and poured a concrete covering over the waterway which is now in reality a culvert. This is well reinforced with steel railroad rails, which provide adequate safety. A stock wire guard fence was then erected on the northerly side of the highway because of the dangerous condition at this point.

We are finally able to report that the drainage condition which existed at Tewksbury Center for a number of years has been eliminated. The Massachusetts Department of Public Works constructed a pipe line along the state highway to the brook just beyond Summer Street, and also constructed basins along the state highway at intermediate points between Summer Street and Pleasant Street. Our department built two new basins in front of the Town Hall, which were connected to the state drainage system. During the re-

cent heavy rains, they proved their adequacy to take care of a large volume of water.

A catch basin was also constructed in front of Tremblay's store on East Street, and one across the street near the Wamesit Association property. Previously, there were no basins at these points. These were connected to the East Street pipe line which empties into the brook on the Spaulding land. The basin near the Post Office has been connected to the line along the state highway. A new pipe line was laid along East Street from Tremblay's to North Street and also across East Street to connect up this system. On this job corrugated bituminous coated and paved metal pipe was used, because of the large amount of roots under ground in this area.

The following table gives the amount in gallons of asphalt, oil, or tar used on the highways during the year. The asphalt shown on Andover Street is for Chapter 90 construction. Where tar is shown as delivered to town yard it was to be used in mixing patch.

OIL AND OTHER BINDER

	Oil		Cut Back Asphalt	Cu. Yds	
	45%	65%	Asphalt	Tar	Sand
Andover Street			28,061		284
Pleasant Street		1,188	1,928	555	10
East Street	471		2,465		
North Street			4,734		
Lee Street			155		
South Street	944				12
Astle Street			2,155		18
River Road	1,215		1,616		22
Bailey Road			346		
Kendall Street	4,225	2,297			104
Livingston Street	500				6
French Street	349	400			30
Billerica Road				3,274	52
Glendale Avenue	2,010	934			43
Rogers Street	3,203	1,351			66
Whipple Road	7,427	3,355			62
Vernon Street	1,034	955			16
Pine Street	1,507	957			30
Lakeview Avenue	1,229	950			18

Lowe Street	2,719	1,437	38
Ballard Street	1,323	700	16
Maple Street	1,472	2,326	32
Cross Street		200	
Trull Road	378		2
Town Yard			6,376 187
Sand for Ice			72

On East Street, from Tewksbury Center to the State General Hospital, on North Street from the state highway to Kendall Street, and on Pleasant Street from the state highway to the entrance to Flucker and Wilson's plant just beyond the high school, pea stone was used to cover the cut back asphalt, and it has given good non-skid protective coating to these roads.

During 1936 a considerable amount of money will be necessary for oil or tar, owing to the fact that a large number of roads will be gravelled from government funds, in addition to those done by the local department, and it is most wise to protect these with such a binder, once they are gravelled.

CULVERTS

New Corrugated metal culverts were installed on the following streets:

Street	Kind	Diameter in Inches	Location
Whipple Road	Corr. Paved Coated	14	Jct. of Pond Street
Whipple Road	Corr. Paved Coated	14	Jct. of Marshall Street
Pond Street	Corr. Paved Coated	14	Jct. Whipple Road

Hood Road	624	South Street	20

ANDOVER STREET CHAPTER 90

On Andover Street we had two contracts for construction. The first one was for the construction from the curve at Meloy's residence to a point about 300 feet west of Trull Street. At the completion of the first section, a contract was drawn to extend our construction to Hood Road or in other words to complete construction to the bottom of the long hill. The entire stretch is of penetration asphalt construction 24 feet wide, with a non-skid surface. Proper drainage was installed, catch basins built, and guard rail posts erected. The distance built during the year was 3600 feet, and is a great improvement over the old dangerous surface. Further improvement on this highway should be provided from Chapter 90 maintenance funds. This highway is now in good condition.

CHAPMAN STREET CHAPTER 90

Two contracts were also issued on this stretch of roadway. The first one calling for installation of drainage and gravelling, and applying oil or tar from the Billerica line to a point about 500 feet from Whipple Road. Owing to the fact that we encountered considerable ledge, along with a large amount of excavation, we soon found our

funds dwindling, and little progress having been made. The second allotment having been made, we completed our gravelling, installed culverts, built headwalls where necessary, erected guard rail posts, and extended the gravel surface to Whipple Road. A large stone wall, 600 feet long, was moved back to eliminate a curve in the roadway.

A small amount of gravel veneer will be added in the spring, and the roadway will then be shaped and oiled. An additional drainage system will also be installed near Chapman Street if found to be necessary. This street has been surveyed and bounded by the County Engineers.

MAINTENANCE CHAPTER 90

The usual maintenance of Chapter 90 highways was carried out under the provisions of this allotment, and all of our Chapter 90 highways are in excellent shape. East Street was given a coat of cut back asphalt and pea stone from Tewksbury Center to the entrance of the State General Hospital, a distance of one half mile. Billerica Road was also given a coat of retread tar to improve the surface. The shoulders on all macadam roads were maintained in good order during the heavy traffic season.

PLEASANT STREET CHAPTER 464

The allotment for this street was \$2,850.00, which was issued in the form of a trust fund under what was commonly known as the 'Curley Bond Issue.'

It called for the construction of a gravel roadway 24 feet wide from Whipple Road easterly, a distance of 1700 feet. Two new culverts were installed to replace old broken down stone structures. The work has been completed the full distance called for in the contract and will be shaped, rolled and oiled in the spring. We have inserted an article in the warrant for \$1,000.00 with which to improve this street from the end of the Chapter 464 construction to the new high school, which we hope will be granted. This street has been surveyed and bounded by the County Engineers.

For a financial report of the department we refer you to the auditor's report of highway expenditures.

In closing we extend our thanks to all who have co-operated with us in any way during the past year, and especially to the various State and County officials, and engineers for their untiring assistance.

Respectfully yours,

ASAHEL H. JEWELL,

JOHN T. GALE,

THOMAS P. SAWYER,

Road Commissioners of Tewksbury.

EDWARD J. WALSH,

Superintendent of Streets.

REPORT OF BUILDING COMMITTEE

To the Voters of the Town of Tewksbury:

Your Building Committee has completed the High School Building and obtained the equipment for a total sum of \$90,091.47, of which \$62,125.23 was paid to the general contractor, Joseph M. Concannon of Milton, Mass.; \$15,981.75 to the heating and plumbing contractor, Fred H. Parant of Sanford, Me.; \$7,584.26 for equipment to various firms; \$1,640.00 for inspection and supervision, and the balance for miscellaneous expenses.

Your Committee employed Miller & Beal, Inc., architects, of Portland, Me., to design and supervise the erection of the building. Mr. John Haas was the representative of the Federal Government during most of the construction. As local inspector we appointed Mr. John R. Smith. We believe that praise is due to the contractors, the architect, the P. W. A. inspector, and our local inspector for their faithful services.

In all cases, both for the building itself and for the equipment, with the exception of the pupils desks, the contract was awarded to the lowest bidder. Owing to the fact that only \$80,000.00 instead of \$90,000.00 was available for the committee at the time the original contracts were awarded for the construction of the building, we were unable to have the building completed according to the specifications originally contemplated, as the matters omitted from the original contract were furnished as extras after the construction had begun. However, the building was completed substantially as originally contemplated, with the exception of the omission of the panelling of the ceiling of the gymnasium, the character of the floor cover, and making the roof one of asphalt shingles rather than of slate.

The Federal Government has already contributed \$8,408.80 to the cost of the project and the committee expects to receive another payment from the Federal Government amounting approximately to \$17,789.97. If a final payment of this amount is made, the net cost to the Town of the building will be \$63,893.00.

The committee requests that the Town appropriate the sum of \$91.47 to cover the overrunning of the appropriation which was made

necessary because of the fact that in putting in the drainage system ledge was encountered, making it necessary to build a larger drainage tank.

During the progress of the work one of the members of the committee, our secretary, Mr. D. Edward Bennett, passed away. He had given unsparingly of his time and energy to the work of the committee and should be recorded in the annals of the Town as one of its most faithful public servants.

From the time the appropriation for the building was made in December, 1933, to this date, the committee has held over eighty meetings. Various members of the committee have made numerous visits to the P. W. A. headquarters in Boston for consultation with the personnel of that Department in order that we might obtain the government grant. Visits have also been made to other schools for the purpose of getting information as to the best method of construction and best kinds of equipment so that the school, as completed, might show as nearly as possible one hundred cents value for every dollar spent.

The building, as completed, permits of indefinite expansion without disturbance of the plan already carried out

Respectfully submitted,

MELVIN G. ROGERS,

MAY L. LARRABEE,

WILLIAM H. McGOWAN,

FRANKLIN F. SPAULDING.

WARRANT FOR ANNUAL TOWN MEETING

Middlesex ss:

To either of the Constables of the Town of Tewksbury in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at Town Hall in said Tewksbury, on Wednesday, the 5th day of February, 1936, at 12 o'clock to act on the following articles:

- ART. 1. To choose all necessary Town Officers, to choose by ballot a Moderator, a Town Clerk, three Selectmen, three members of the Board of Public Welfare, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden and Constables, (Three) all to serve one year; one Highway Commissioner to serve three years; one School Committee to serve three years; two Trustees of the Public Library to serve three years; one Park Commissioner to serve three years; one Assessor to serve three years; one Commissioner of Trust Funds to serve three years. The polls for the election of Town Officers to be opened at 12 noon and close at 8 P. M. And to act on the following articles, commencing at 7 P. M.
- ART. 2. To hear reports of Town Officers and Committees and act thereon.
- ART. 3. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.
- ART. 4. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 5. To see if the town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

VOTED: That the town treasurer, with the approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ART. 6. To see what compensation the Town will vote for the collection of taxes, and what rate and from what date interest will be charged on taxes of 1936 unpaid after Nov. 1, 1936 or any other action relative thereto.

ART. 7. To see if the Town will vote to raise and appropriate the sum of \$350.00 for the proper observance of Memorial Day, and appoint a committee to expend the money. Said committee to be taken from members of Spanish War Veterans, American Legion, and Sons of Veterans.

ART. 8. To see if the Town will authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town, and to sign any contracts or agreements in behalf of the Town.

ART. 9. To see if the Town will vote to appropriate a sum sufficient to pay the County of Middlesex, as required by law, the town's share of the net cost of the care, maintenance, and repair of the Middlesex County Tuberculosis Hospital, and for the Town's share of the expense under the provisions of Chapter 331 of the Acts of 1933, which provides for the settlement of certain claims of the Commonwealth against the Middlesex County Tuberculosis Hospital District, including interest or discount on tem-

porary notes issued therefor, as assessed in accordance with the provisions of Chapter 111 of the General Laws and Acts in amendment thereof and in addition thereto, or take any action in relation thereto.

ART. 10. To see if the Town will vote to authorize the selectmen to sell, after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the town fourteen days at least before the sale, property taken by the town under tax title procedure provided that the selectmen or whomsoever they may authorize to hold such public auction may reject any bid which they deem inadequate, or take any action relative thereto.

ART. 11. To see if the town will authorize the selectmen and treasurer to petition the land court for a foreclosure of tax titles held by the town for more than two years, as provided in Section 65 of Chapter 60, and to see what sum of money the town will raise and appropriate therefor.

ART. 12. To see what regulations the Town will make for the possession, management and sale of land sold for unpaid taxes and for the assignment of tax titles not inconsistent with law or with the right of redemption as provided in Section 52 of Chapter 60 of the General Laws as amended by Section 3 of Chapter 126 of the Acts of 1927.

ART. 13. To see if the Town will raise and appropriate a sum of \$35.00 to replace G. A. R. markers on soldiers' graves in Tewksbury cemeteries, or take any action on same.

ART. 14. To see if the Town will vote to increase the salary of the Selectmen one hundred dollars each per annum beginning January 1, 1936, and the salary of the Town Clerk two hundred dollars per annum beginning January 1, 1936, or take any other action relative thereto. and make appropriation for the same.

ART. 15. To see if the Town will vote to raise and appropriate the sum of \$50.00 for the use of the 4-H Club Chairman to be used in connection with 4-H Club activities in Tewksbury, or take any other action relative thereto.

ART. 16. To see if the Town will raise and appropriate the sum of \$100.00 for maintaining the Legion Quarters.

ART. 17. To see if the Town will raise and appropriate the sum of \$1,200.00 to provide heating and sanitary conditions at the Legion Quarters.

ART. 18. To see if the Town will petition the Boston & Maine R. R., or any other responsible transportation company, to operate a bus service from Tewksbury to Lowell, or take any other action relative thereto.

ART. 19. To see what sum the Town will vote to raise and appropriate for necessary expenses in conjunction with Works Projects Administration Projects or its successors approved by the Government for the Town of Tewksbury.

ART. 20. To see if the Town will vote to raise and appropriate the following sums of unpaid bills of 1935: Highways, \$1,520.38; Welfare, \$237.06; Incidental, \$234.17; Collection of Taxes, \$299.19; Fire Department, \$197.67, and Police, \$29.05.

ART. 21. To see if the Town will raise and appropriate the sum of \$3,982.13 to reimburse the Town Treasury for money paid by the Treasurer in excess of appropriation under vote of Board of Selectmen declaring an emergency.

ART. 22. To see if the Town will raise and appropriate the sum of \$1,536.40 as payment of the sums due on account of Welfare Aid rendered by the City of Lowell, \$752.10; the Town of Dracut, \$164.88, and the Commonwealth of Massachusetts, \$619.42.

ART. 23. To see if the Town will vote to authorize the Board of Public Welfare to set aside a part of their appropriation to be used in conjunction with either Federal, State or County funds whenever in their opinion the pledging of such a sum of money will add to the total amount available for Welfare purposes.

ART. 24. To see if the Town will appropriate \$91.47 to meet the deficiency in the appropriation for the High School building.

ART. 25. To see if the Town will authorize its Treasurer on behalf of the Town to sign, execute and deliver a deed to Herbert W. Pillsbury of a lot of land belonging to the Town located on the westerly side of Pleasant Street in said Tewksbury, containing about 4429 square feet and being shown as Lot B on a plan entitled "Plan Land in Tewksbury, Mass., A. L. Dutton, Surveyor" dated May 27, 1935, and recorded in Middlesex North District Registry of Deeds, Plan Book 59, Plan 38, in return for a deed to the Town from Herbert W. Pillsbury of a lot of land in said Tewksbury situated westerly from but not adjoining said Pleasant Street, containing about 8459 square feet and being shown as Lot A on said plan.

ART. 26. To see if the Town will vote to install one or more electric lights on Franklin Street and make appropriation for same or take any action relative thereto.

ART. 27. To see if the Town will vote to take by right of eminent domain the land necessary to extend Durn Street as laid out on plan of "Lakeview Park Land Co.," recorded in Middlesex North District Registry of Deeds, Book 27, Plan 16, to South Street, through the land recorded as the "John P. Flynn Plan" Middlesex North District Registry of Deeds, Book 27, Plan 28, and raise and appropriate two hundred dollars to defray damages for such taking, or take any action relative to same. Plans on file with the Road Commissioners.

ART. 28. To see if the Town will, by by-law prohibit, the keeping or raising of poultry or animals within two hundred feet of Main Street from the Wilmington line to the

Shawsheen River ; and five hundred feet from an existing residence thereon, without a permit issued by the Board of Health. Upon application for said permit to Board of Health a public hearing shall be held giving due notice to abutters, whereupon said permit may be issued subject to regulations as set forth by the board, if found not injurious to the health of the community.

ART. 29. To see if the Town will vote to raise and appropriate the sum of \$1200 for gypsy and brown-tail moth work, or take any action relative to same.

ART. 30. To see if the Town will vote to accept Bay State Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 31. To see if the Town will vote to accept Lakeview Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 32. To see if the Town will vote to accept Franklin Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 33. To see if the Town will vote to accept School Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 34. To see if the Town will vote to accept Durn Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 35. To see if the Town will vote to accept Dubuque Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

- ART. 36. To see if the Town will vote to accept Rosemary Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 37. To see if the Town will vote to accept Highland View Road and Sunny Slope Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 38. To see if the Town will vote to accept Helvetia Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 39. To see if the town will vote to accept Walnut Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 40. To see if the Town will vote to accept Beech Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 41. To see if the Town will vote to accept Maple Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 42. To see if the Town will vote to accept Chestnut Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 43. To see if the Town will vote to accept Pine Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 44. To see if the Town will vote to accept Florence Avenue, as laid out by the Road Commissioners, with the boundaries and measurements, as shown on the plan on file with the Town Clerk.

ART. 45. To see if the Town will vote to accept Clyde Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 46. To see if the Town will vote to accept Adams Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 47. To see if the Town will vote to accept Glenwood Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 48. To see if the town will vote to accept Maplewood Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 49. To see if the Town will vote to accept Birch Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 50. To see if the Town will vote to accept Texas Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 51. To see if the Town will vote to accept Pond Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 52. To see if the Town will vote to accept Warren Road, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 53. To see if the Town will vote to accept Willow Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

- ART. 54. To see if the Town will vote to accept Mystic Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 55. To see if the Town will vote to accept Bond Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 56. To see if the Town will vote to accept Veranda Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 57. To see if the Town will vote to accept Alpine Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 58. To see if the Town will vote to accept Littlefield Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 59. To see if the Town will vote to accept Water Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 60. To see if the Town will vote to accept Glenwood Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 61. To see if the Town will vote to accept Forest Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.
- ART. 62. To see if the Town will vote to accept Elm Street, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

ART. 63. To see if the Town will vote to raise and appropriate the sum of \$5100.00, or any other sum to purchase a new Allis-Chalmers 8-ton tractor and Baker V type snow plow, with wing attachments, and hydraulic lifts. Said equipment to be used for snow removal only, and to be maintained in good order at all times; or take any other action relative thereto.

ART. 64. To see if the Town will vote to raise and appropriate the sum of \$500.00, or any other sum to purchase snow fence for use on highways at various points where snow drifts are usually severe; or take any other action relative thereto.

ART. 65. To see if the Town will vote to raise and appropriate the sum of \$1,000.00, or any other sum for the improvement of Pleasant Street; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose or take any other action relative thereto.

ART. 66. To see if the Town will vote to raise and appropriate the sum of \$3,000.00, or any other sum, for the improvement of North Street; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose or take any other action relative thereto.

ART. 67. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the maintenance of Chapter 90 highways; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or take any other action relative thereto.

ART. 68. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to purchase oil, tar, or other binder for use on the highways; or take any other action relative thereto.

ART. 69. To see if the Town will vote to authorize the Road Commissioners to sell or exchange any equipment which may be no longer serviceable or unfit for use in the de-

partment, the value of any such equipment in no case to exceed \$300.00. The proceeds of such sale to go into the general Treasury, except in cases of exchange where proceeds may be applied towards purchase of new equipment.

ART. 70. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to pay for engineering services on roads or streets which have been laid out by the Road Commissioners, including surveying, making plans, purchasing bounds, setting bounds, or other costs incidental to this procedure; or take any other action relative thereto.

ART. 71. To see if the Town will vote to raise and appropriate the sum of four thousand dollars (\$4,000.00) for the purchase of fire hose as recommended by the Fire Protection Committee under item No. 2 of its report, specifically: 2700 feet of 2½" hose and 3500 feet of 1½" hose; or to take any other action thereto.

ART. 72. To see if the Town will vote to raise and appropriate the sum of fifteen hundred dollars (\$1500.00) for the reconditioning of either American Legion Hall, Central Fire Station or the Spaulding School, to provide facilities recommended under item No. 4 of the report by the Fire Protection Committee, or to take any other action thereto.

ART. 73. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3000.00) for the purchase, installation and testing of fire signalling apparatus as recommended under item No. 5 of the report by the Fire Protection Committee, or to take any other action thereto.

ART. 74. To see if the Town will vote for and adopt the following by-law warrants for Town Meetings, shall be served by a constable by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and by leaving one hundred copies for the use of the Citizens at the Post Offices in said Town, eight days at least and over two Sundays, before the time of holding said Meeting.

ART. 75. To see what sum of money the town will appropriate as a reserve fund as provided for in Sec. 6 of Chapter 40, General Laws Tercentenary edition.

ART. 76. To see if the town will vote to appoint a Committee to represent the Town in Auto Insurance Rates, Fire Insurance Rates, Telephone Rates, etc., with the proper authorities to attend hearings when necessary and appropriate a sum to cover necessary expenses.

ART. 77. To see if the town will vote to accept the devise to it under the will of Martina Gage, late of Lowell.

ART. 78. To see if the Town will vote to accept Parker Avenue, as laid out by the Road Commissioners, with the boundaries and measurements as shown on the plan on file with the Town Clerk.

And you are directed to serve this warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices and leave one hundred copies for the use of the Citizens at the Post Offices in said Town, 8 days at least, and over two Sundays, before the time of holding said Meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of Meeting as aforesaid:

IRVING F. FRENCH,	} Selectmen of Tewksbury.
EVERETT H. KING,	
HERBERT L. TRULL,	

Annual Report
OF THE
SCHOOL COMMITTEE
OF THE
TOWN of TEWKSBURY

Also Report of
Superintendent of Schools
For the Year Ending Dec. 31,
1935

REPORT OF THE SCHOOL COMMITTEE

With the opening of the new High School the past year has been a busy one for the School Committee.

Realizing that this, the first year, would probably be the most difficult, the selection of teachers was of utmost importance. The best available were elected and we feel that all have proved satisfactory.

There were 209 pupils in the High School on Oct. 1, 1935. Had all of these been sent to Lowell High School the cost to the town would have been \$26,700.00. The estimated cost of running the High School next year is \$24,170.00. It is evident that the school is a financial, as well as a social asset.

More equipment could be used to advantage in the school and by adding some each year our school will soon be equipped equal to the best.

The Spaulding and West Schools have been closed and the pupils have been taken care of at the Foster School. The West School has been closed permanently and the Spaulding School until such time as the Foster is overcrowded.

Necessary and minor repairs were made in all school houses and all are in good condition.

Attention of parents is called to a ruling of the School Board, whereby all children enrolling in the 1st grade must show a birth certificate or its equivalent and all pupils enrolling in any other grade which have attended schools other than in Tewksbury must show a certificate from the school last attended. This is to avoid any misunderstanding regarding age or grade.

Respectfully submitted,

MAY L. LARRABEE, Chairman

GUY B. GRAY,

AUSTIN F. FRENCH, Secretary

The School Committee recommends the sum of \$55,800.00 be appropriated for Schools for 1936, based upon the following budget:

Elementary Schools

Superintendent	\$ 1,250.00
Supervisors	1,300.00
Teachers	16,000.00
Janitors	2,930.00
Transportation	4,200.00
Fuel	1,230.00
Books and Supplies	1,500.00
Health	1,200.00
Insurance	370.00
District	150.00
Miscellaneous	500.00
Repairs	1,000.00
	<hr/>
	\$ 31,630.00

High School

Teachers	\$ 11,500.00
Janitor	1,300.00
Transportation	3,000.00
Fuel	800.00
Books and Supplies	1,700.00
Chemistry Supplies	1,000.00
Miscellaneous	2,000.00
Equipment	2,500.00
Insurance	370.00
	<hr/>
	\$ 24,170.00
	<hr/>
Total	\$ 55,800.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Tewksbury:

Madam and Gentlemen:

I am submitting herewith my sixth annual Report as Superintendent of Schools of Tewksbury.

With the purpose of leaving the major portion of the space allowed to the school report for Mr. Pearson to present his resume of the High School and its progress, I have made my section as brief as is possible.

GENERAL PROGRESS

As a direct result of improvements in organization made possible by having the ninth grade in the High School building where they belong, there has been a marked improvement in the general morale of the elementary schools especially in the Foster School.

The closing of the West School removes the last "rural School" from our organization. At the present time the schools are reasonably well consolidated—as much so as geographical conditions render advisable.

Since there have been practically no changes in the teaching corps of the elementary schools, and because the younger teachers have profited by experience, the results of the work from September to date has been a decided improvement over those of the earlier part of the calendar year.

A report of this kind, covering as it does parts of two school years, often presents difficulties in the presentation of a full picture. The tendency is to report on the events and conditions as they exist rather than the more remote months of the school year ending in June.

Physical conditions in the various buildings have been improved so that the comfort of pupils and teachers is enhanced. More radiating in the heating system of the Foster School has added to the comfort of the occupants of the rooms on the north side of the building. The automatic stoker installed last year has justified its pur-

chase. Indications are that it will pay for itself in time by virtue of economy of fuel consumption.

The next important need for the "improvement of hygiene conditions for the pupils is that of a fairly large number of chair tops for the seating of pupils. There are now in use numerous very old type seats which have been placed on the modern adjustable pedestals. This old type chair was used for reasons of economy. They are now becoming useless and should be replaced to save wear and tear on children's spines and clothing.

Text books have been modernized as rapidly as the budgeted allowance has permitted. We are gradually getting a uniform text in all schools in the basal subjects. Geography is the branch most difficult to make uniform because of the cost of the books, but we are gradually eliminating the older and less desirable texts.

The closing of the Spaulding and West Schools has proved an economy. The saving here has helped to balance the cost of fuel and janitor service in the high school.

Dr. Larrabee with the assistance of Mrs. McLaren, the school nurse, has guarded the health of the school children with his usual care and efficiency. The pupils have had the benefit of the various preventive measures supplied or suggested by the State Department of Public Health. The nurse has conducted numerous children to various clinics in Lowell for dental treatment and removal of diseased tonsils. This is a part of the work done under this department which is not fully realized or valued by many parents. Many children would go on to adult life with more or less serious handicaps if it were not for the physical examination and resultant follow up on the part of the school health authorities.

TEWKSBURY HIGH SCHOOL

This is the first opportunity in many years for the Superintendent to write this title in his report. It is a source of real gratification to be able to do so now.

In my professional judgment this school is on its way to a very successful future. The first four months of its existence have proved to us that the school is bound to prove of great value to the whole community. As a unifying and socializing agent its value is already

evident. As an educational element there is absolutely no doubt of its value.

There is plenty of evidence for the experienced eye that the pupils have already received benefits from the closer supervision and more rigid standards made possible by the smaller classes and more personal contacts of principal and teachers.

Because this is a new institution which is creating new ideals and traditions, it is important that the standard be set high from the very start. Human nature as a whole is prone to "get by" with as little work as possible if there is no measuring stick by which to gauge its lack of initiative. If we are all to advance by the same degree or after the same pattern it is important that the degree be high or the pattern good. If the advancement is to be as irregular as the individual endowments we still need standards by which to measure progress on the road to highest possible development according to native endowment. It is increasingly the habit to set the standard according to either an average or a norm based on the performance of a great number of individuals. This mark is not static but is capable of increase or decrease according to the performance of the many cases taken. If this standard is kept high and rising, within human limits, the general intellectual level rises. This is true of an individual school as of a civilization as a whole.

Now school marks are a sort of balance sheet showing just where each individual fits in the general picture of the school. They should not be competitive, nor are they so intended. They are but an index of accomplishment to indicate to the pupil and parent just how well the pupil measures up to the rest of his community. They should show a profit on the investment of time and energy of both teacher and pupil, and at the same time of parents themselves, insofar as they encourage or even demand the best the child has to give. We cannot expect more than the natural endowment. Any parent or teacher does a grave wrong who in any way punishes or otherwise belittles a child because of low marks without knowing whether the child has really given his best. A child may not be able to do the same grade of work that another child can do. Children are not at all alike mentally. They differ as much as they do in physical appearance, if not more. Marks should not therefore be taken seriously. They are not labels or badges. They are simply bits of information on the chart of progress.

ENROLLMENT

The school enrollment in local schools is naturally increased by a number in excess of two hundred representing the high school enrollment. In the elementary schools the number enrolled is almost identical for October first of the last two years. The total enrollment is slightly greater on October 1, 1935, than on the corresponding date of the previous year.

Mr. Pearson reports that there were two hundred nine pupils in attendance at the high school on October first.

Tables showing the enrollment in the various schools and grades will be found later in this report.

CHANGES IN TEACHING STAFF

As was said above there were no changes, other than transfers from one school to another in the elementary teaching corps.

In the High School the staff is completely new with the exception of Miss Mills and Miss Maguire, who were transferred with the ninth grade from the Foster School.

Mr. Whitman Pearson of Lowell was selected as principal of the new school. Mr. Pearson is a graduate of the Wharton School of Finance of the University of Pennsylvania, has taken summer courses at B. U. and has had several years of experience in the Junior and Senior High Schools of Nantucket, Mass.

Mr. Donald Dunnan was selected to teach Science and to act as coach of athletics. Mr. Dunnan is a graduate of University of New Hampshire and has done graduate work in that institution and in Harvard. He has also had several years of experience in Billerica High School.

Mr. Donald McSheehy has charge of the Manual Training department and teaches some academic work. He is graduated from M. I. T. and has had several years of experience in various trades.

Miss Kathryn Chandler came to the school after a number of years as head of the Commercial Department of Nantucket High

School. She is a graduate of the four-year course at the Boston Clerical School and has done graduate work at Boston University.

Miss Marjorie Scoboria came from the High School in Amesbury where she had taught for the past five years. Graduated from Wellesley in 1928 she took her M. A. degree at Radcliffe in 1930. She is in charge of the course in Mathematics.

Miss Florence Dyer is in charge of Home Economics and is a graduate of Beaver College in 1930 with additional study at the Fannie Farmer Cooking School and at Radcliffe. Miss Dyer had some experience in Sharon, Mass.

Miss Rena Mills and Miss Catherine Maguire who have been with us two years complete the staff. Miss Mills has charge of the English Department. Miss Maguire teaches Latin and French.

Three others are working on a part time or assistant basis. Miss Elinor Allen assists Miss Dyer in the Household Arts. Mr. Grant Langley gives several hours a week to physical education and Miss Katharine Pasha performs the same function for the girls.

CONCLUSION

It is a pleasure to have been able to report a year of unusual progress in the educational system of the town. The credit for this progress is due to all of my associates who have labored faithfully to produce this result.

For every aid and encouragement rendered by the school committee I extend hearty thanks. Without their unremitting interest and labor the results achieved would not have been possible.

Respectfully submitted,

STEPHEN G. BEAN,

Superintendent of Schools.

Wilmington, Mass., January 10, 1936

REPORT OF THE HEADMASTER TEWKSBURY HIGH SCHOOL

January 1936

Six months ago Tewksbury High School was a half-finished structure of steel and masonry, but today it is an established institution of learning controlling the destinies of over two hundred young citizens of this town. To better understand how this transition has been accomplished we should think back to June of last year and consider the problems which faced the new administration at that time. Among the most outstanding of these were the following:

- a. Selection of teaching personnel
- b. Organization of the curriculum and courses of study
- c. Selection of textbooks and equipment
- d. Organization of athletics and other extra-curricular activities
- e. Development of the proper attitude toward the new school in the minds of the former Lowell High School students
- f. Preparation of forms and records
- g. Assignment of the teaching staff
- h. Registration of students
- i. Scheduling of classes

The Headmaster felt that every one of these questions should be completely settled during the summer so that the school could function smoothly and efficiently from the opening day, and not be characterized by the lost motion and confusion so typical of the opening days in many schools. Consequently this was the prime objective toward which the Headmaster worked during the months of June, July and August. It was felt that an unusually smooth start would have a beneficial moral effect on the student body and eliminate a possible source of irritation and unrest. Convinced that the new school should be organized with particular regard for all that is latest and best in education, the Headmaster took two research courses at Boston University during the summer, one concerning the recent trends in the secondary school field and the other concerning administration and supervision, and he supplemented this work by conferring with State Department of Education officials and successful school executives. In this regard Mr. Henry Harris of Lowell High School and Mr. Jerome Burt, State Supervisor of Secondary Education were especially helpful.

A brief story of how the various problems were worked out will contribute to a better understanding of the entire situation. Much time was devoted by the School Board to the selection of teachers and ultimately a group was picked which seemed well qualified from the standpoints of experience and training. The regular members of the faculty, the colleges they represent, and also the curricular and extra-curricular activities of which they have charge follows:

Headmaster—	
Whitman Pearson	University of Pennsylvania Business Law, History Administration and Supervision
Sub-Master—	
Donald Dunnan	University of New Hampshire Science Athletics
Faculty	
Rena Mills	Colby College English Dramatics
Kathryn Chandler	Boston University Commercial Athletics
Katherine Maguire	D'Youville College Foreign Languages School Paper
Marjorie Scoboria	Wellesley College Mathematics Guidance, Library
Donald McSheehy	Mass. Institute of Technology History, Manual Training Orchestra
Florence Dyer	Beaver College Home Economics Lunch Room

The long school day with a period for extra-curricular activities included, was decided upon as being in accordance with the modern idea of providing more time for supervised study and encouraging participation in social and athletic activities. The curriculum was organized along the lines recommended by the State Department of Education for high schools, with consideration for the specific needs and desires of the Tewksbury students, and the necessity of adaptation to the Lowell High School courses already pursued by the incoming Seniors and Juniors. Five courses in all were offered: Col-
lege, Home Economics, Manual Training, Commercial and General.

Much attention was given to the selection of textbooks so that those which are being used represent the latest and best authority on each subject. The same thought was given to the selection of supplies and equipment.

The Headmaster felt that the proper athletic and extra-curricular activity program would help develop and consolidate school spirit rapidly, and such a program was inaugurated on the first day of school. During the summer a questionnaire was sent to every student to find out his or her extra-curricular interests and the information thus gained had an important bearing on the setting-up of this program. The first major activity to get under way was football with over fifty candidates reporting to Coach Dunnan on the first day.

During the spring a petition had been signed by most of the Seniors and Juniors, in which they manifested their dissatisfaction at being transferred to the new school rather than being allowed to continue at Lowell High School. The Headmaster made a special effort to convert each one of these objectors during the summer months with considerable success, and the day that school started was pleased to have among his students the one who instigated the petition even though she had the opportunity to go to Lowell High School.

The forms and records prepared for the school were patterned after those recommended by state and national educational authorities and those in use at Lowell High School.

In the assignment of teachers, care was taken to distribute the teaching load as evenly as possible, and to allow for specialization, with each teacher being responsible for one phase of the academic work.

To properly orient the individual students a registration period was held in August at which time each student's record, aspirations, and characteristics were carefully catalogued. With this information it was possible to make out each student's program card and by studying all these cards, to arrange the schedule, so as to eliminate conflicting classes.

The first day of school finally arrived, and as hoped, passed without any confusion or lost motion even though the bell system had not

been installed and inclement weather prevailed. This result in itself was adequate compensation to the administration for the work which had made this possible.

Now at the end of Tewksbury High School's first four months of existence, it is appropriate to take stock of what has been accomplished since the opening day of school last September. The Tewksbury High School spirit has reached a fine level so that the 215 individuals imbued with it, teachers and students alike, are able to cooperate enthusiastically in attaining common objectives. Consequently discipline is not a major problem, as in so many high schools, and a very desirable relationship exists between the faculty and student body.

Scholastically the students are doing good work with five of their number making the High Honor Roll with an average of 90 or over and fifty-five making the B Honor Roll with averages of over 80. College board examinations and other standard tests are being used as criteria wherever practicable.

The Headmaster and the faculty are thoroughly in accord with the movement for greater pupil participation in the government and management of schools which is gaining impetus every year. During the last two decades the more progressive and successful educational institutions have made the transition from the standardized and absolute control of the old time school system, to cooperative control involving student participation. This does not mean transferring the responsibility for discipline but rather an increase in the degree of participation in the management of extra-curricular activities and social affairs. So far the Tewksbury students have been very successful in exercising student control of traffic in the corridors, study halls, and social functions, and as they demonstrate their ability to supervise other phases of school life the scope of their responsibility will be widened. Three of the older have regular charge of study hall groups and in this way have secured valuable leadership training, as well as helping to increase the efficiency of the teaching force by reducing the necessity for supervision.

The continual cooperation of the Building and School Committees, as well as the design and construction of the building and the selection of equipment by them has been of great assistance in the development of the school.

Last fall Tewksbury High School produced a football team which lost only one game and by its fine record helped considerably in the development of a worthwhile tradition and school spirit.

Several plays under the direction of Miss Mills have developed some fine dramatic talent among the students and have been enthusiastically received at the regular weekly assembly programs.

Under the direction of Miss Maguire the student journalists have made a remarkable record for the Tewksbury High School publication, the Hi-Lights. It was the first school paper to be published in this vicinity this fall, and unlike most similar publications has been run at a substantial profit.

Miss Chandler and Miss Scoboria besides acting as Faculty Treasurer and Librarian respectively, have developed a girl's basketball team, while Mr. Dunnan has been doing the same work with the boys and the two teams are now taking part in the suburban league competition.

Miss Dyer has managed the Lunch Room and developed a boy's cooking class in addition to her regular teaching duties, and Mr. McSheehy besides teaching History and Manual Training has started the development of a school orchestra and conducted a girls' wood-working class.

Classes in Drawing are being held under the direction of Miss Vittorio Rosatto, Art Supervisor for the town.

The school has been fortunate in securing the gratuitous services of several people who have been of great assistance. Miss Elinor Allen has helped Miss Dyer in the Home Economics work and has developed a Glee Club and conducted a class in ballroom dancing. Mr. Grant Longley of the Belvidere School faculty has had charge of Physical Education for the boys and has aided Mr. Dunnan in his coaching activities. Coach Rusty Yarnell of the Lowell Textile Institute has also helped in this regard. Miss Katherine Pasho of the Posse-Nissen School has developed a Physical Education program for the girls.

In conclusion there are certain recommendations which should be considered by the tax-payers:

1. That the young people in Lowell who have shown an interest in attending Tewksbury High School next year be allowed to do so upon the payment of adequate tuition.
2. That the athletic program of the High School be relieved of some of its dependence upon gate receipts and contributions until such time as the teams are properly equipped and adequate playing facilities have been provided.
3. That instruction in physical education under the direction of a paid supervisor should be instituted in the high school and co-ordinated with a similar grade school program, as suggested by the State Supervisor of Physical Education.
4. That the nature and volume of traffic on Main Street, and to some extent on Pleasant Street, is a menace to the safety of the students, and should be guarded against, possibly by the installation of a traffic signal at the center.
5. That the efficiency of the school is impaired by the presence of a few students who are emotionally and otherwise unfitted for academic work of high school grade, and that it would be better for them and the rest of the student body if they were given an opportunity to develop along different lines, primarily vocational, by the institution of a special class.

Respectfully submitted,

WHITMAN PEARSON,

Headmaster.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent and School Committee of Tewksbury:

As Supervisor of Music in the schools of Tewksbury, I submit the following report:

The musical program for the ninth grade graduation included two songs by the class, a song by a girls' chorus and a song by a semi-chorus.

At the eighth grade graduation, the entire group of pupils from the Shawsheen School, the North School and the Foster School sang two numbers and each school gave a song or instrumental selection.

Some of the graduation music, with fewer pupils participating, was given at the dedication of the High School.

Grade Seven of the Foster School had the Music Memory Contest last June. The pins for a perfect score were presented by the Parent Teachers' Association at the June meeting and some of the pupils read compositions about the music studied.

The Walter Damrosch Music Appreciation, by radio, is studied in some of the schools. I wish another year that more of the classes might take advantage of it.

We planned to present the operetta, "Aunt Drusilla's Garden," last fall but thought best to give it at a later date.

In September I had Teachers' Meetings in all the schools for the discussion of the work in each grade. Outlines of the entire course were given to the teachers.

Music education is soon to round out its first hundred years of official recognition in the schools. Lowell Mason, a widely known and respected musician, was the first to teach music in the public schools of Boston. School music has had a long history. The singing methods, after the Civil War, were followed by a long succession of different methods. There has been a gradual change from note read-

ing to the song method. Instrumental classes have been introduced. During the past fifteen years the development of vocal and instrumental music has been remarkable.

There is a slogan "Every Child for music and music for every child." This expresses my interest in music for your schools or any school.

I am glad of this opportunity to thank all who have given me help and inspiration for my work.

Respectfully submitted,

M. MARION ADAMS,

Supervisor of Music.

REPORT OF SUPERVISOR OF DRAWING

To the Superintendent and School Board of Tewksbury:

During the Summer of 1935 I worked out a new flexible outline in drawing for the Tewksbury Schools, covering the four large branches of Drawing, namely Representation, Color, Design and Lettering together with Holiday Expressions. I say flexible because of the grouping of grades at the Shawsheen School as compared to the Foster School where each room has but one grade. My drawing periods average 30 minutes in the lower grades and 40 minutes in the upper grades. Naturally in that time I can teach only one lesson whether it is in a 7th grade or in a room of both 7th and 8th grades. Therefore a lesson suitable for the 7th grade can be taught in the latter with enriching possibilities to satisfy the needs of the 8th grade.

One of the projects I am looking forward to is the planning and constructing of a Puppet Show in Miss Kelley's 7th and 8th grades. This will enable some of the older boys to build the Puppet stage, some of the girls to make curtains and clothing while others in the class can help to plan and carry out the program. This correlates with English and Public Speaking.

I would like to draw your attention from the grades to the High School. Here we naturally have an older group where the attitude is somewhat different. Mingling with Seniors and Juniors even the Freshmen grasp the responsibility placed in them and are more in earnest in their endeavors. Drawing is an elective and because of limited time each drawing group is composed of people from all four classes, which helps to raise the standard. At present we are working with charcoal which is a very expressive and simple medium. Objects are placed together to make a balanced group with light from one side giving the student a chance to express the different values and reproduce what is before him on paper.

The Library is our present home but in time when necessary first year adjustments are made I hope to find a more suitable space

with a spot light or two, to help the student study the objects and emphasize the light and shade.

Respectfully submitted,

VITTORIA ROSATTO,

Supervisor of Drawing.

REPORT OF SCHOOL PHYSICIAN

To the School Committee of the Town of Tewksbury:

The past year has been quite satisfactory from the standpoint of health in our schools. There have been scattered cases of contagious diseases, but no serious outbreaks. There are still many cases of throats and teeth needing attention, which have been reported to the homes, and the school nurse has taken as many as she could make arrangements for to the several clinics. I know that economic conditions do not allow many families to carry out our suggestions, but the results obtained in the majority of cases prove the value to the children in improvement in general health, resistance to colds and higher scholarship. The past two years we have had a clinic in the spring for diphtheria immunization and expect to repeat this the coming year, and to include pre-school children. There is absolutely no danger in this treatment and the younger the child the better the results obtained. I would like to see every school child immunized and then we would free our schools of the possibility of the diphtheria menace.

The past year has brought to our attention more dog-bite cases, and six of these patients have required treatment. May I suggest, that any family noting an unrecognized dog about their place, which acts at all strangely notify the police department or the animal inspector at once and keep all domestic animals away from it.

Cases of Tuberculosis require the use of a large proportion of our appropriation, since each case is charged to the town, where settlement can be established, at the rate of \$12.00 per week. Altho the expense of such care seems heavy it is one that is certainly deserved by these patients.

Respectfully submitted,

HERBERT M. LARRABEE, M. D.

School Physician.

January 1, 1936.

REPORT OF SCHOOL NURSE

To the Superintendent and School Committee of Tewksbury

As School Nurse I submit the following report:

I have made two hundred and seventy-four visits to the school. Every child has been weighed and measured and a physical record card sent home with the report cards. Every child has been examined for pediculosis, cleanliness, skin eruptions, etc.; every two months, contagious cases have been followed up and everything done to prevent their spread.

I have made sixty-eight visits to the homes and the parents have been willing to co-operate with me in every way. I have obtained one hundred and eighty-eight dental corrections for the children and eighty-four corrections in vision. Ten children have been with me to have their tonsils and adenoids removed. I have influenced the parents to attend to the matter themselves in many cases.

Dr. Larrabee has vaccinated eighteen children and examined them all during the school year. I assisted him and recorded the defects found and am obtaining correction. I have done one hundred sixty-two simple dressings in school.

Every year the State Board of Health will give all children in the seventh grade the Tuberculin Test if they desire it. In this way every child will have the advantage of this test once during his school life. Positive cases will be X-rayed and followed up until cases are dismissed as well.

Last spring we held our second clinic for the immunization of diphtheria.

Respectfully submitted,

MRS. E. P. MACLAREN,

School Nurse
